WORKSHOP HOUSTON NOW HIRING!

- Are you interested in working with youth in the community?
- Do you want to be a part of a dynamic and exciting organization that is making a difference?
- Are you interested in bikes?
- Are you a Work-Study student?

YES? APPLY TO WORK AT WORKSHOP HOUSTON!

Workshop Houston is a non-profit youth development organization located in Third Ward, just west of University of Houston. We are currently looking to fill TWO OFF CAMPUS WORKSTUDY POSITIONS:

Workshop Houston Bike Shop Mechanic/Program Assistant

As Bike Shop Mechanic/Program Assistant, your primary role is to help participants in Workshop Houston's Bike Shop program, which is a do-it-yourself community bike shop that teaches youth and adults to repair and maintain their own bikes. You will be responsible for helping participants to diagnose and fix bike their bikes as well as helping participants through our Earn-a-Bike Program, and generally help the shop to run smoothly during program hours. (Job ID 3419)

Chopper Shop Assistant

As Chopper Shop Assistant, you will help run Workshop Houston's Chopper Shop, which is a metal working and bike building program for middle school students. Your roll will include teaching students metal working, bike repair and other shop-related skills, and motivating them to use their creativity with these skills in their projects. You will also help with daily shop set-up and clean-up. On a broader level, you will be expected to act as a role model and a mentor to students in the program. (Job ID 4428)
